

HIROHITO MADE
JAPAN REGENT;
EMPEROR SINKS

Yoshihito in Bad Physical Condition, Dispatches To Press Say.

WAS WELL PREPARED

Young Jap Frankly Says Old Country Has Much to Learn From the West.

(By the Associated Press.)

TOKIO, Nov. 25.—Crown Prince Hirohito has been designated regent of Japan.

Designation of Crown Prince Hirohito as regent of Japan, followed reports which have been in circulation for about a year that Emperor Yoshihito was in bad physical condition. A dispatch to a Honolulu newspaper in May of last year reported that he had suffered a mental and physical breakdown.

Early last month a rumor that he was dead circulated in Tokyo and the Imperial household denied it at the time stating that he was so ill it was feared that he could not recover.

TRAVELED IN EUROPE
TO STUDY CONDITIONS

(By the Associated Press.)

WASHINGTON, Nov. 25.—The announcement from Tokyo today of the regency of Hirohito was expected in Japanese circles here, following a recent tour of the Crown Prince to Europe which was generally understood to have been the first step in arrangement to give Hirohito to the conduct of the empire because of the continued illness of the emperor.

This tour, which was quite extensive, was arranged in order that before taking up the duty of the regency the young crown prince would have an opportunity to study foreign lands and foreign customs.

Representatives of Japan today emphasized how much this visit to western countries had meant for Japan. It was recalled that when the Crown Prince returned to Tokyo he made a memorable speech to the people in which he frankly admitted that Japan had much to learn from western countries and that all the subjects of the empire must strive their utmost to bring Japan to higher developments necessary for her national progress.

Crown Prince Michi-No-Miya, of Japan, was born April 29, 1901 and was proclaimed heir apparent in 1912 when his father became emperor at the death of Mutsuhito and was formally consecrated as Crown Prince in 1916. Prince Michi, as he is called, is a major of infantry in the Japanese army and a lieutenant-commander in the navy. He has always been a close student of history and geography, and, since 1919, when he attained his majority, has participated in the councils of the Imperial family and occupied a seat in the House of Peers in the Imperial Diet.

Is Good Observer
He is said to possess "an observing disposition, a retentive memory and a desire for knowledge."

Beginning when he was six years old, he received a common school education in Tokyo and studied under private tutors in the Imperial Education Institute at Tokyo.

In May 1920, the illness of Emperor Yoshihito had become so grave that he relinquished some of his duties to Prince Michi and the Prince received foreign diplomats on an important state function. In the spring of 1921, the Emperor broke an ancient Japanese tradition by sending the Crown Prince on a visit to Europe.

It was reported at that time that his proposed tour abroad was due to an intrigue to annul his engagement to marry the Princess Iagako. About this time there was a movement to have him declared Prince Regent owing to the long continued illness of his father. Before he sailed for Europe, it was announced in Tokyo that his wedding would take place after he returned from abroad. In the spring of 1921, the Prince visited England, Scotland, France, Belgium, Holland and Italy—the first Japanese Prince who ever left his native country. He was accompanied by Admiral Togo, who for a number of years had directed his education. He was made an honorary general in the British army and a knight of the Order of the Bath by King George and was entertained by the royal houses of the other nations and received in audience by Pope Benedict.

NOTICE K. T. M.

There will be a called meeting of Ada Commandery No. 16 tonight at 7:30 o'clock, for the purpose of working in the Temple degree.—F. C. Sims, Secretary.

SATURDAY LAST
DAY TO ENROLL
FOR BOND ISSUE

Only Property Owners Will Be Permitted to Ballot On Road Question.

TAX PAYER DEFINED

Assistant Attorney General Lays Down Ruling Upon Qualifications.

"Register now!"

County registration officials sent out this advice in insistent terms today to new voters in the county who have not enrolled for the \$880,000 bond election December 6.

Only one more day remains until county books close, according to law. Saturday, the bond election will be only 10 days off.

In defining today those who may vote on the county and township road bond issue, T. O. Cullins, county registrar, pointed to a recent ruling by Randall S. Cobb, assistant attorney general who holds that only property holders will be allowed to ballot on bond issues.

"The supreme court of this state has never defined the expression 'qualified property tax-paying voter' and in regard to the matter we think the position of the legislature was expressed in its definition of the expression 'qualified property tax-paying voter' is well taken and that only those electors otherwise qualified under the constitution and laws of the state, who hold a tax receipt dated within twelve months prior to the election under consideration may participate in the election on the proposition of the issuance of bonds," Cobb said.

"No attempt is made to limit this qualification to the owners of a specific class of property; that is, a qualified property tax-paying voter as used in section 27, article 10 of the constitution of Oklahoma, need not necessarily be the owner of personal property or any part of the general mass of property within such city subject to assessment for taxation.

Must Exhibit Tax Receipt
"This office is of the opinion that it is a reasonable requirement on the part of the election officials to require that the voter exhibit his tax receipt dated within the last twelve months. If the voter does not show his tax receipt then he must by other evidence prove to the satisfaction of the election officials that he is qualified to vote in said election. Any voter voting at said elections not qualified to vote shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$25 and by imprisonment in the county jail not less than sixty days.

"It has been contended that the owner of property subject to assessment for taxation and otherwise qualified, is a qualified property tax-paying voter, though he may not yet have paid taxes upon property owned and subject to assessment. A taxpayer has been defined as a person owning property in the state subject to taxation and on which he has legally paid taxes."

LAST SURVIVING SON OF
LONGFELLOW PASSES AWAY

(By the Associated Press)
BOSTON, Nov. 25.—Ernest Wadsworth Longfellow, 75, artist and last surviving son of the poet Longfellow, died here yesterday afternoon after a protracted illness.

"ALONE, ALONE, ALL, ALL ALONE, ALONE ON A WIDE, WIDE SEA"

PAVING IS HELD
LEGAL IN COURT

Injunction on N. Mississippi Avenue Movement Denied By Judge Bolen.

After more than three weeks of controversy, which was echoed in the district court, the paving project for North Mississippi avenue has been held good by District Judge J. W. Bolen, who refused Wednesday a number of protestors a temporary injunction on the paving. In the meantime, I. E. Hanson, contractor, had continued work of preparing for the paving.

The three weeks' controversy brought out many allegations and caused considerable fighting among local advisors of the city. The court's decision was several times postponed. After ferreting out every legal question involved, Judge Bolen announced that he could not, under the law, grant an injunction. This upheld the city's stand that the paving contract was let at the request of property owners on the avenue, that it was duly advertised and that all other legal steps were taken.

Many paving petitions have been protested and upheld by the courts and city commissioners, but according to city officials who were directly connected with this controversy, protestors in this case waited until it was too late to enter their objection. The city contended that 59 percent of the property owners were in favor of the paving, that all legal steps were taken and that no injunction could legally be granted. This, according to officials, made it necessary for the city commissioners to proceed with letting the contract.

Protestants made several contentions, all of which were brought up and settled by the court. The contractor has announced that he will proceed with all speed possible to put down the six blocks of paving. This is said to have been one of the hardest contested paving controversies in the history of the city.

Though no steps have been taken today, it was generally understood that the question would be taken by protesting parties to a higher court, a basis for the fight being the Texas homestead law.

ENID NEWSPAPER MAN
IN CITY THIS WEEK

Homer Matthews, superintendent of the mechanical department of the Enid Eagle, is in the city this week with his family, visiting his brother, M. O. Matthews, and his sister, Mrs. Dallas Allen. He has been here since the funeral of his father, E. E. Matthews, on last Tuesday.

Homer is well known to the newspaper boys of the state and at one time was connected with some of the printing plants in Ada. Since going to Enid, he has become an authority on mechanical arrangement and economy of operation. He expects to return home Saturday.

Texas has more than \$20,000,000 worth of roads under construction.

CHAMBER TO FIRE
OPENING GUN FOR
PROGRAM TONIGHT

The advisory council selected by the board of directors to assist in the Chamber of Commerce movement for a civic and business awakening in Ada will meet tonight at the Chamber of Commerce rooms, at 8 o'clock.

The subject of the meeting will be the program of events and features of the movement, the nature of meetings to be held and a general definition of the purpose and scope of the movement. An executive committee to have charge of the details will also be appointed.

The advisory council was selected by the board of directors Wednesday night at a meeting lasting upwards of two hours. Tentative details of the movement were worked out and very careful thought given to Ada's needs and the way to meet them.

No pains will be spared, chamber directors announce, to make this movement productive of the liveliest kind of interest to the community, to achieve its purpose of evolving a practical plan to "hitch Ada to its possibilities." Speakers of note will be brought to Ada, many committees will be organized, a series of public meetings and group conferences will be held, and in the middle of the movement, which will last about two months, an intensive drive for memberships in a re-organized Chamber of Commerce will be staged.

Tonight's meeting of the advisory council is the opening gun in a campaign which the Chamber is determined will begin a new era for Ada.

Record Month Sales
of Cement Company
Is Reported Today

R. J. Morse, general manager of the Cement Securities Company of Denver, is in the city looking over the property of the Oklahoma Portland Cement Company, which is one of the units in the great chain of plants owned by the Denver concern. He is spending the time with M. O. Matthews, general manager of the local plant.

Mr. Morse says the Ada plant is doing well, much better than many plants in the string. The past season, has been very satisfactory indeed. Last month the plant here sold more cement than it has ever sold in the same length of time. While this is the season when business slows down, better times than usual are forecasted for the winter.

Mr. Morse is not unknown in Ada, as he has made several trips here before. He is one of the big men in the industrial life of the West and is helping to build a commercial empire through the Rocky Mountains and the states in close juxtaposition thereto.

WASHINGTON PUPILS
WIN DOUBLE CONTEST

Washington school scored a double triumph over Latta consolidated school Wednesday afternoon in a spelling and ciphering match at Latta. Washington pupils won the spelling match 65 to 6 and had 13 contestants on the floor when the last Latta speller was retired. The ciphering contest was somewhat closer.

STRANGER RIDER
LODGED IN JAIL

Alleged "Bad Man" Charged With Attempting Riot At Fair Grounds.

To the tune of his trusty repeater, Jim Stetson, alleged bad-man of the saddle, made crowds at the Fair Grounds Park step lively Thursday afternoon while he and his horse staged an exciting finale to an otherwise clean and peaceable show, according to a complaint filed this morning by officials of the Honest Bill show.

Stetson was in the county jail this morning awaiting the action of witnesses to the alleged shooting spree in filing formal charges against him. This was expected to be done before noon Friday.

Stetson, according to an account given this morning by Honest Bill Newton, manager of the Honest Bill shows, attempted to ride through a narrow gate near the grandstand at the Fair Grounds park as the crowd, which had witnessed a riding exhibition, was dispersing. The opening was narrow and the horse balked. Stetson is then charged with drawing his gun and firing promiscuously to urge his mount to action. A woman screamed her protest. The rider trained his revolver on her, Newton said, and fired close to her body. Newton himself attempted to quell the disturbance and when he had arrived at the horse's head he declared the target of another shot, he declared.

Rider Heads North.

Stetson then dashed out of the park and headed north. Newton called upon one of his own riders to accompany him and the two gave pursuit in Newton's car. As they overtook Stetson, he is alleged to have turned upon them and threatened to shoot both if they advanced nearer. The pursuers withdrew and the rider went on north. After a conference, Honest Bill Newton and Panhandle Slim, his companion, arrived at the conclusion that the alleged "hold rider's" gun was empty. A mile further north, on the road leading from Ada past the Fair Grounds, they overtook him, stopped the horse and captured the rider. His revolver was empty.

Charges were to have been filed in justice court today and Stetson will be brought to trial soon. "We gave the public a clean show and deeply regret that an outsider, a man who has never been connected with our outfit, created a disturbance," Honest Bill Newton declared this morning.

William Riddle, who is teaching school at Ringling this year, is among the teachers who are in Ada this week-end for a visit with relatives and friends. He is a graduate of East Central and has lived in Ada most of his life.

Salvage work of the burned sheet iron building at the corner of Renkle and Tenth, which was partially destroyed several weeks ago in a disastrous cotton fire, is about completed. Much of the material is to be used again.

CHILDREN GIVE
BIG FOOD STOCK
FOR CITY POOR

All Wards Contribute Great Supplies of Eats To Make Up Dinners.

187 CANS RECEIVED

Groceries and Clothing Are Sent to Brighten Many Homes Thursday.

From a simple invitation extended to all school children of the city asking that they bring a little offering of food to provide a Thanksgiving dinner for the city's poor, charity workers reaped a harvest of 187 cans of fruit and vegetables, several sacks of flour, a big box of every conceivable kind of groceries.

Mrs. Orville Sneed, Red Cross and United Charities secretary, was busy today parceling out much of the food which was left after a bountiful dinner had been sent yesterday to the most needy homes of Ada. It was one of the most liberal offerings that has ever been made here in years to send cheer into the comfortless huts in outlying residence districts.

Tables heaped high with food, raw and cooked, including everything from rotund pumpkins, down through a gamut of goodies ranging from canned peaches to sugared cookies, home baked, greeted chair-lifters when they made their collection at the various city school buildings late Wednesday. Bountiful hands of sympathetic kiddies had responded with a will and even the tiniest tots had brought their offerings for the poor.

Five complete Thanksgiving dinners were sent out from the Red Cross office Thursday morning, according to Mrs. Sneed, and many families were helped with articles of food which they needed most. Only the most destitute cases were provided for first, the remaining food supply being reserved for emergencies that are continually arising. All perishable food had been distributed this morning and the canned products will be given out as occasion demands. A big quantity of clothing also was contributed by the schools, Mrs. Sneed said.

Many at Churches
Union Thanksgiving services at the Methodist church last night drew a packed house. Rev. H. M. Wood, pastor of the First Christian church, who was selected by the Ministerial Alliance to deliver the annual Thanksgiving sermon, recounted the cost of every-day comforts which the public enjoys, calling upon citizens of Ada to be more genuinely appreciative for Providential blessings. An offering was taken for the benefit of local charities.

Services were held yesterday morning at both the Episcopal and the Christian Science churches.

Other features of the Thanksgiving observance here were limited largely to a quiet day of rest and refreshment. Grocers reported hundreds of turkeys and chickens slaughtered as well as a heavy sale of accessory foods. School children of the city are still enjoying Thanksgiving holidays which started at the close of classes Wednesday.

Ice Company's Barn
And Harness Almost
Total Loss in Fire

A barn belonging to the Southern Ice and Utilities company was almost completely destroyed, together with six sets of harness, early Wednesday night when the barn, located just east of the ice cream factory, caught fire. The origin of the fire was not determined and it had gained a good headway before the alarm was turned in.

The barn was used by the ice company for a quarters for teams used in delivering ice. None of the stock was injured, workmen being successful in attempts to get the horses out of the building. The total damage was not learned. Insurance was carried on the building and harness, according to reports.

Two Are Committed.

John Stevens was placed in the county jail yesterday on a commitment from justice court. Jess Blocker was lodged in jail Wednesday on a county court commitment.

CHINA ASKS BAN
ON TERRITORIAL
PRIVILEGE PLAN

But Present Status of Her Judiciary Makes Radical Move Doubtful.

MODIFICATION SOUGHT

Other Nations Believe That No Sweeping Change Is Possible Now.

(By the Associated Press)
WASHINGTON, Nov. 25.—Abolition of extra territorial rights in China, by which various powers maintain their own courts for trial of their nationals, was agreed to in principle today by the powers represented in the Washington conference on Pacific and far eastern affairs.

The Chinese delegation presented to the committee today a statement strongly urging the abolishment of the extra territorial rights and some responding were said to have voiced the approval by the representatives of other powers.

Belief was generally expressed however, that the rights could not be given up immediately in view of the conditions of China, but that the abolishment should come as promptly as compatible with the present situation and progress of China.

Sub-Committee Approval
The committee, upon reaching the general agreement, authorized the appointment of a sub-committee headed by Senator Lodge of the American delegation to present the principle in the concrete form of a resolution.

The sub-committee also will work out the details of the surrender by the powers of their rights. This task will include the consideration of a number of treaties and for that reason the time required for its accomplishment was problematical.

The Chinese request for abolition of the extra territorial privileges held by other nations was understood to have had the strong support of the American delegation. Secretary Hughes declaring that the foreign courts should be abolished as soon as China demonstrated her ability to administer justice fairly to all within her border.

(By the Associated Press)
WASHINGTON, Nov. 25.—Today's conference discussion of the far eastern questions shifted to the possibility of abolishing the system of "extra territorial rights," under which the powers maintain their judicial agencies in China for trial of cases in which their respective nationals are included.

China wants extra territorial privileges abolished altogether, although her delegates have indicated doubt as to whether the present judicial machine of the Chinese government would make it possible to withdraw the foreign tribunals immediately.

All of the other nations concerned have expressed a hope that something can be done to modify the present system, but have evidenced in the main a feeling that nothing of a very sweeping character in that direction is warranted just now.

Shantung Bobs Up.

The session of the nine delegations sitting as a committee of the whole to discuss the extra territorial problems, was the only meeting of the conference or its subdivisions on today's program. The questions of land and naval armaments having again gone into temporary eclipse while experts prepare their opinion as to the details. It was thought by some of the delegates that the committee deliberations also might reach the subject of leases during the day, bringing into the discussion the troublesome questions of Shantung and Manchuria.

Meantime, the clash of opinions between the Chinese and some of the British spokesmen over the meaning of the four Root principles continued to be a subject for speculation in conversations among the individual delegates. The question of interpreting the Root principles has not yet come directly before the session of the conference, however, and may not be as far until the discussion reaches a point requiring the application of the principles to specific cases.

VANDERLIP HAS PLAN
FOR INTER-ALLIED DEBT

(By the Associated Press)
NEW YORK, Nov. 25.—Frank A. Vanderlip, New York banker, who returned today from Europe, where he made an investigation of economic conditions, said he would present a plan for settlement of Europe's inter-allied debt to the United States at a meeting of the economic club Saturday night.

BIBLE THOUGHT FOR TODAY

THE ASSURED HARVEST:—Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.—Galatians 6: 7.

THE FRIENDS IN RUSSIA.

The American Friends' Service Committee is raising \$500,000 to continue relief work in Russia. Herbert Hoover has endorsed the campaign and the American Red Cross representative in Russia is helping in the consolidation of work toward this end in about 40 different cities.

The American Relief Administration feeds about 1,000,000 children. The Friends' organization will give aid to adults as well as children. On Thanks giving Day a "Russian Dinner" was held in New York City. The food served duplicated the daily rations given out to Russian children—a bowl of soup and a piece of bread.

There has been a distinct change in the popular attitude toward Russia lately. The feeling of disappointment and disgust at the way affairs in that stricken country have been going is now being replaced by one of sympathy and understanding of the people themselves and of the problems they have had to face since the very beginning of the war. This kindlier feeling should be translated into generous gifts to help in the relief work.

It is true that times have been hard in this country. By comparison with Russia, however, the great majority of Americans are very well off. Thousands of them can afford to contribute to this simple humanitarian relief work. It is not to help Lenin and Trotsky. It is to help men and women and little children who, through no fault of their own, are suffering cold and starvation.

LIMITING AGGRESSIVE ARMAMENTS

If battleships alone were to be scrapped, the naval powers represented at Washington might be suspected of acting from expediency more than idealism. There is growing distrust of dreadnaughts as war weapons. They accomplished little during the big war, compared with cruisers, submarines and other light craft. They have been proved vulnerable to air bombs. There is a general feeling that as fighting machines they are not worth what they cost, and that if there are wars hereafter, the submarine and the airplane will play a far bigger part.

Nevertheless it is pretty convincing when the powers agree to scrap all their new battleships, embodying the lessons learned during the war and since; and it is still more so when they agree to give up the fast battle-cruisers and the big submarines of great cruising radius and to limit severely the tonnage of plane-carrying ships.

All of this means that the powers are trying to limit the modern navy's capacity for aggression and leaving to each country only such fighting craft as will suffice, in the opinion of the conference, for honest self-protection.

JUDICIAL USURPATION

An Ohio man beat his wife habitually, and the neighbors disapproved. They had him arrested and brought to trial, but his wife spoiled their case by calmly informing the judge that she really didn't care how much friend husband beat her. In fact, she was inclined to regard his violence as evidence of the strength of his affection.

On her evidence the judge, Osburn by name, freed the husband on probation but warned him that he must serve a thirty-day suspended sentence unless he refrained from beating his wife, "even if she doesn't object."

Is there no liberty at all in this country? Woman has the vote. Is she to be denied her choice of other diversions? What business is it of the neighbors, any way? Who is this fellow Osburn? The Woman's Party should get busy without delay.

Some senators and representatives are wondering whether it wouldn't be a tactful thing to adjourn until the arms conference finishes its work, to avoid embarrassing it. Possibly so, considering the congressional talent for throwing monkey wrenches into administrative machinery; but maybe the conference wouldn't mind if Congress just went ahead and did its own work, the way the conference is doing.

The sheriff of Muskogee county gives the Ku Klux Klan credit for information leading to the capture of thirteen moonshine stills. A warning was given law breakers on a recent parade of masked men and it now looks as if the toughs are in for rough sailing. The next step will be to arrange for speedy trials for chronic law breakers. If this is done another long step forward will have been taken.

The Chamber of Commerce is putting on a drive for bettering conditions in every way. Let's get behind the move and put it over as Ada has always put over big things.

When the dreadnought are all gone, shall we dread nought?

The Evening News

Waiving a Main Chance.

(Minneapolis Tribune.)
In economic power the United States towers today far above any other nation in the world.

If the United States were a war-like nation, it might easily take advantage of its position to gird itself for defense and offense in a way that no other great power could approach without plunging itself headlong into financial ruin.

Is it disposed to take this opportunity? Quite the contrary. The proposal which Secretary Hughes put up to the arms conference only recently means that this economic heavy weight and champion of nations volunteers to waive entirely the advantage which its financial condition gives it to panoply itself against a day of possible war.

That is the kind of sportsmanship and spirit that was to be expected by the American people of their own government, no matter what questioning there may have been abroad of the sincerity of this country's motives and purposes. The proposal is one which should not only be received favorably, but should be jumped at by nations not buttressed as we are financially.

The United States is the one really great creditor nation. There is owing to it by other nations approximately \$11,000,000,000. That is the item on the credit side of the ledger. True, the American government owes the American people billions of dollars, but in a sense the government and the people are identical, hence the bill is largely a bill owing to the people by the people.

If the United States harbored the selfish, grasping designs imputed to it by some ill-informed critics in other lands, its president never would have called the armament conference, and its Secretary of State never would have started the world with that speech and program on the opening day of the conference. Rather, the government would have chosen to make no agreement for reduction of armament, but to build and build itself out of reach of any competitor in offensive and defensive strength.

"It is excellent to have a giant's strength; but it is tyrannous to use it like a giant."

There is no trace of the tyrannous in this American overture to Great Britain and Japan. The nation that might easily be the hard-boiled bully if it would, volunteers the leadership in aggressive friendship. It adjourns the use of its strongest weapon—its economic primacy. What could better make a true American proud of his country?

What a Lot Our Fathers Missed! (Lawton Constitution)

It is a source of constant wonderment to the present favored generation how our forefathers managed to get along without the thoughtful, all-embracing solicitude of a parental government. They seemed to indulge a false pride in what they were pleased to look upon as self-reliance. Their outlook on social welfare did not extend much beyond their own line fence, although it is true that if a neighbor's horse fell into a pit they helped him to recover it. If a neighbor fell ill, they "sat up" with him. If hard times threatened, our forefathers tackled them within their own households and applied the remedy of work and self-sacrifice. Most of them were great Bible readers, and instead of appealing to human "authorities" to help them in time of need, they applied to The Book. One text that seemed to impress them ran: "Whatever thy hand findeth to do, do it with thy might. They were an independent sort of people, as proved by a certain famous Declaration. But they missed the beneficence of bureaucracy, to which they could turn in time of need.

How different it is with their children of today, who can always find a government department, a bureau, a board, a commission, a council, a committee, or whatnot to which they can consign all their troubles for solution. We are freshly reminded of present-day progress in this respect by a dispatch published recently from Hartford, Conn. In it we find that beginning next Monday the Nutmeg State will take official cognizance of the act of bobbing women's hair. The Attorney General has just given the Connecticut Barber's Commission an oral opinion that that operation may hereafter be done only by licensed barbers! In times of financial stress and social distress we are prone to revert to "the good old days," but how much our forefathers, and mother's missed by not living in this year of our Lord.

Doctor Says Mendenhall's Chill Tonic Best Substitute for Quinine.

J. S. Wells, M. D., Weidners, Ark., writes: "I have been practicing in Arkansas 20 years and constantly prescribe Mendenhall's Chill & Fever Tonic where quinine is contra-indicated for children and adults with weak stomachs. It sticks where others fail." We have chill tonic in two forms, one which contains no arsenic and one with red label containing 20 minims Fowler's Solution of Arsenic to each fluid ounce. Chill tonic with arsenic is indicated in chronic malaria anaemia (bloodlessness) general debility. Improves the condition of the blood when resulting from malarial influences. Arsenic is also useful in scaly skin eruptions and chronic eczema.

Clara Hamon Picture Barred from Showing In Ardmore Theater

ARDMORE, Nov. 25.—A local theatre has been prohibited from showing the screen production "Fate", purported to be the life of Clara Smith Hamon, by an order issued recently by Mayor R. A. Helmer, following a meeting of the city commissioners.

"We feel that the picture is not for the welfare of Ardmore under the present conditions," was the only comment made by City Manager Dyer this morning. Authority for prohibiting the picture is contained in a city ordinance passed in April, 1921. The ordinance covers the showing of pictures of all kinds.

"Fate" has been shown at Marietta and has just closed a three-day run at Wilson. It is reported that large crowds of Ardmore people attended the show at these places.

JUNIORS DEFEAT REST OF SCHOOL IN FAST BATTLE

In a hard fought contest on the high school gridiron last Wednesday afternoon, the junior class, challenging the entire high school, again took football honors of the school. With six of the regular string men and five strong substitutes from the second string, the junior class had the upper hand and defeated the school 7 to 3.

One of the features of the game was a field goal kicked from the forty yard line by Joe Baker, one of the promising men for next year's team. Other men, who have been playing on the second string this year, made good showings for their first full game and Coach Cox had at last a chance of seeing his entire football aggregation on the field.

The line-up.

CITY BRIEFS

Mrs. S. E. Bradley of Oklahoma City spent Thanksgiving with her parents, Mr. and Mrs. Lon Braly of 214 W. Fourteenth St.

T. O. Cullins, local agent for the Daily Oklahoman, was host yesterday noon to his newsboys in an annual Thanksgiving banquet. Mr. Cullins was in a cheerful spirit at this event and gave the boys one of the best general entertainments they have had in years.

About 20 members of the Ada Rebekah lodge went to Roff yesterday afternoon where they assisted the Roff lodge in putting on some work. They made the return trip overland and report a nice time. The Roff lodge entertained the Ada people, expressing their appreciation for the visit.

The Harris Wall Paper and Paint company will complete all preparations for moving their store from its present location on South Townsend to West Main street this week. The new location will be in the building formerly occupied by the Jackson-Boud furniture company, now located in the Grant Irwin building at the corner of Townsend and Twelfth.

There will be a meeting of the members of Troop 1, Boy Scouts of Ada, at the scoutmaster's home this evening. An important business meeting is to be held, at which a discussion concerning the purchase of a wireless set is to be the main number. Prof. D. T. Bradshaw, of the high school faculty, is scoutmaster and the meeting will be at his home on West Sixteenth street.

BOY SCOUTS

Mr. T. O. Cullins will meet Troop No. 4, Scouts at the Methodist church this evening at 7 o'clock.

Scoutmaster N. P. Pitts, head of Troop No. 2, urges all First Baptist scouts to meet him at the church tonight at 7 o'clock.

Troop No. 1 will hold a business session at the residence of Prof. D. T. Bradshaw on West Sixteenth street tonight. If you are interested in the disposition of the money in the treasury, come out.

Scout Executive Harry W. Miller will be at Irving school tonight at 7 o'clock to meet Troop No. 3.

C. P. Penrose and Walter Goyno expect every scout of Troop No. 5 to meet them tonight at their regular place of meeting. Scouts of Troop 5 will meet Mr. Penrose at the Christian church at 7 o'clock and go on a "possum hunt."

All scouts in the Willard school troop who are ready to pass their tenderfoot tests should meet Scoutmaster Robert Chaffin and Whit Fentem and Prof. A. D. Bolton at the school tonight at 7 o'clock.

Some men are born rich, some have riches thrust upon them and some use News want ads.

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says if she ever gets married she's going to insist on having a regular church wedding and she wouldn't feel that she was married at all if she merely went around to a justice of the peace and became a common law wife.

IN SOLE

Miss Alta Marsh, who is teaching at Tupelo, is in the city spending the Thanksgiving and week-end holidays with her parents, Mr. and Mrs. Henry Marsh of East Ninth street.

Miss Sarah Joe Tunnell is spending the holidays with her mother and other relatives and friends. She is attending the Oklahoma College for women at Chickasha.

Misses Mattie Sue Minnier and Ocie Hawkins, teachers at Tupelo, Okla., are here visiting relatives and friends over the Thanksgiving holidays.

Miss Inez Marsh, who has been attending the Oklahoma College for Women at Chickasha, is spending the Thanksgiving holidays with her friends over the Thanksgiving holidays here.

Hardy Roach of Maud was here for a visit with his parents over the Thanksgiving holidays.

Miss Bertha Henderson of Oklahoma City, left today for her home after spending Thanksgiving Day with friends in the city.

Miss Nora Abney, 526 E. 14th St. has as her guests her cousins, Miss Julia Abney Allen of Frederick and Mr. Howard Allen of the University of Oklahoma, Norman.

Class Play in December.

Arrangements have been completed by a committee of the Junior class of the Teacher's College for the production of "Springtime," a musical comedy de luxe, under the direction of John B. Rogers Producing company at the Normal auditorium here about December 15.

Members of the cast and chorus will be selected from the best talent in the school. The production promises to be of exceptional merit, as the talent available is said to be better than the ordinary amateur caliber. Scenery and costumes as furnished by the producer are said to be the last word in splendor and beauty. A professional director will be sent here to take charge of staging the entertainment.

Rehearsals are scheduled to begin on November 28, at which time most of the cast assignments will be made. Miss Anna Weaver Jones will be one of the local committee members to take an active part in the production.

PONTOTOC COUNTY AGENTS TO ADDRESS TEACHERS

J. B. Hill, county agent, and Mrs. Elva Duvall, home demonstration agent of Pontotoc county, have been invited to address the Hughes county teachers' association at its meeting at Holdenville December 2. Mr. Shelton, state agent in county agent work, who is recognized as one of the foremost men in rural education.

tion, will bring to the rural teachers of Hughes county a message on how they may help to bring about a system of diversified farming and better home making through the schools.

Mr. Hill and Mrs. Duvall will supplement Mr. Shelton's address by detailing how state normal schools and club departments may assist the public school teacher in building up the rural communities.

500 Boys Expected At Y. M. C. A. Meet At Muskogee Today

(By the Associated Press)

MUSKOGEE, Nov. 25.—Between four and five hundred boys ranging in age from 15 to 20 years are expected to attend the Older Boys' conference under the auspices of the Y. M. C. A. opening here this afternoon. The sessions will close Sunday. The meeting is to be statewide.

The conference will limit its discussions to work among the boys but the subject has been broadened to the extent that no details are to be overlooked, those in charge have announced.

Many notable speakers will address the conference. Among them are C. S. Webb of Australia, who served six years in a Y. M. C. A. secretory in India and who was decorated by the British government for his services in South Africa under General Smuts in the world war; Blake W. Godfrey of Jackson, Miss., secretary of the state Y. M. C. A. organization there; Bennie Owen, athletic director and coach at the University of Oklahoma and F. H. Cheley of Denver, well-known author on boys' life.

John Tate Brittain, president of the Hi-Y club of Oklahoma City, B. S. Graham of the Y. M. C. A. of the University of Oklahoma, J. C. Watson, Oklahoma City, and Dr. E. A. Bonnell, R. P. Harrison, R. N. O'Hair and H. O. P. Brewer all of this city, also will address the conference.

Dr. R. T. Small of Kansas City will deliver the closing conference address Sunday night.

NEW ORLEANS IN GRIP OF STRIKE OF CARGO HANDS

(By the Associated Press)

NEW ORLEANS, Nov. 25.—The port of New Orleans was completely tied up today when from 12,000 to 15,000 cargo loaders and handlers walked out on strike in sympathy with ship men who quit work Monday morning. About 70 ships were in the port waiting to be loaded. The public cotton warehouse and ten private warehouses were closed.

MINERS WILL SELECT SUB-DISTRICT MEMBERS

(By the Associated Press)
FT. SMITH, Ark., Nov. 25.—The convention of united mine workers of Oklahoma, Arkansas and Texas, today voted to change the district constitution providing for the election at large of sub-district board members and to reduce the number of board members from six to five. At present, the district board members are selected by the membership in their respective districts only.

MRS. BARNARD WAS ALMOST HOPELESS

Oklahoma Woman Had Suffered for Ten Years but Has Completely Recovered.

"I can't tell how grateful I am to Tanlac, for it brought me health after I had almost given up all hope," said Mrs. Florine Carlton Barnard, 626 East Eighth st., Oklahoma City, Okla.

"I was in such a wretched condition as a result of stomach trouble that my family was very much alarmed about me and I was about as despondent as it was possible for anyone to be. I could only sleep a few hours at a time and in the morning felt so tired and worn out I could hardly drag myself around. What discouraged me more than anything else was that in spite of everything I tried I was getting worse all the time.

"I can't understand, neither can my family, how it is that I have gotten such complete relief from my ten years' suffering in such a short time. All I know is that Tanlac has made me well and strong, and I just can't find words to express the gratitude I feel."

Tanlac is sold in Ada by M. A. Waits and all leading druggists. (adv)

When the kidneys are ailing, use Prickly Ash Bitters. It is a fine kidney tonic. Relieves backache, bladder troubles, indigestion and constipation. Men of advanced years get great relief from its use. Price \$1.25 per bottle. Sold by Gwin & Mays. (adv)

THREE ARRESTED UPON CHARGE OF SPURIOUS BONDS

(By the Associated Press)

ST. LOUIS, Nov. 25.—An Associated Press dispatch from New York Tuesday, reporting a warning from the New York Stock Exchange of the evidence of forged obligations of the French government, led to the arrest of George V. Halliday, bank stock and bond broker, and two other men in connection with the counterfeiting of \$1,500,000 in certificates of the French government.

The trio were arrested yesterday. Harry Turner, editor of "Much Ado," a semi-monthly publication, and Paul Murphy, an advertising solicitor for Turner, were the others arrested. A federal warrant charged Halliday and Turner with counterfeiting obligations of the French government was issued today. Murphy was not named in the warrant, and he probably will be released, it was said.

The arrests were precipitated by the reading of the Associated Press dispatch in Tuesday's Post-Dispatch by Frank P. McGill, head of a local printing company, which printed the certificates. Mr. McGill communicated with his lawyer, who notified United States District Attorney Carroll. The spurious certificates were duplicates of those of the \$100,000,000 loan floated by the J. P. Morgan company last June for the French government.

PROSECUTION IS ENDED IN BLUEBEARD TRIAL

(By the Associated Press)

VERSAILLES, France, Nov. 25.—The prosecution today concluded its case against Henry Landru and the defense began bringing forward evidence in an attempt to disprove the contention of the state that the "Bluebeard of Gambais" is guilty of eleven murders and the cremation of the bodies of his victims.

LEGION SEEKING NAME FOR OFFICIAL PAPER

Announcement of a prize contest open only to members of the American Legion for choosing a name for the proposed state Legion newspaper was made this week in a bulletin to all posts from state headquarters.

Any member of the Legion may submit one suggestion giving a name for the paper. A committee from the state executive committee of the organization will choose the most original and suitable title.

The Legionnaire submitting the best name will be awarded a solid gold Legion emblem, ring. A second prize of a gold Waldemar watch chain with a Legion emblem charm and a third prize consisting of a solid gold midge Legion label button will be awarded.

Should more than one person submit the name chosen the first one received at the office of the state adjutant at the capitol building, Oklahoma City, will be the winner. Should two persons submit the winning title on the same date equal prizes will be awarded. The contest will close on December 15.

MEDFORD POST DEDICATES NEW COMMUNITY HOUSE

As a climax to a remarkable year of activity Medford Post No. 37 dedicated a post club house and community building last week at special ceremonies led by Hughes B. Davis of Duncan, state commander.

A year ago the post had only fifteen members after nearly a year of little activity. Entering the annual membership contest the post won first place with an increase of 230 percent as compared with its 1920 membership of 15.

Throughout the year the post worked for a home of its own. Last week the aim was realized when the members dedicated the hall worth approximately \$25,000 which will be free of debt under assured income within five years. The hall is equipped with a stage, has an oak full sized basketball court and is the only auditorium in the city of Medford with a seating capacity of more than 500 persons.

CHICKASHA MAN MADE AMERICANISM LEADER

Announcement of the appointment of Dr. L. E. Emanuel of Chickasha, as chairman of the state Americanism commission of the American Legion to serve for one year, was made Tuesday morning by Hughes B. Davis of Duncan, state commander. Dr. Emanuel will be recommended for appointment as a member of the national commission selected for the same purpose. He will have one member from each of the eight districts in the state on the commission to direct the work of the Legion in the interests of Americanism.

OKLAHOMA DELEGATION STORMS K. C. CONVENTION
Oklahoma was the most conspicuous delegation at the national convention at Kansas City according to the current issue of the American Legion Weekly. INDIAN MONEY IS NOT LAYING IDLE OFFICIALS STATE

(By the Associated Press)

MUSKOGEE, Nov. 22.—The common impression that large amounts of restricted Indian moneys are idle awaiting investment is highly erroneous, officials of the Indian agency here say. As a matter of fact, Indian money just now is tighter than ever and the Indian agency has been hit as hard as any other financial institution, it was explained.

Indian agency officials point out that in the last year, bank deposits of restricted Indians have decreased from \$8,500,000 to \$3,000,000. At the present time disbursements are exceeding receipts. They blame the low prices of oils, particularly crude oil. It has been necessary to withdraw bank deposits to meet some of the regular payments allowed individual Indians.

While crude oil was bringing top prices the agency averaged approximately \$4,000 a month from filling fees and for certified information concerning Indian oil and gas leases. During the oil slump which decreased drilling operations, the fees have fallen to \$2,500 a month, officials said.

One thing is certain, according to Clark Wasson, assistant superintendent of the Five Civilized Tribes, the Liberty bond investment of the Indians will not be disturbed, come what may. The great bulk of the restricted Indian money is represented in Liberty bonds and it is the intention of Indian officials not to dispose of them.

Wasson today cited a case that emphasized the erroneous impression that the restricted Indian funds are going a begging for use. In this instance application was made to the agency for the purchase of a farm for an Indian woman, at a price of \$32,000. At the present time all of the money the agency holds for this applicant amount to \$2,332. Of this amount, \$132 is in cash and the remainder in Liberty bonds.

If four digestion is bad, your bowels constipated and you don't eat or sleep well, you need Prickly Ash Bitters, the remedy that men use for cleansing the system. It purifies invigorates the vital organs, restores appetite, energy and cheerful spirits. Price \$1.25 per bottle. Sold by Gwin & Mays. (adv)

Alleged Assailant Fails To Make His Appearance Friday

Preliminary hearing of L. E. Jones, charged with assault to kill two men whom he is alleged to have battered over the head with a shovel several weeks ago, was again postponed in justice court this morning because of the fact that the defendant was unable to be here for the trial. He is said to

be in Arkansas. His attorneys intimated that upon Jones' return they would waive preliminary. Jones is alleged to have attacked two men, named Lawyer and My-singer, who were working on a construction job here. Witnesses appeared before Justice of the Peace H. J. Brown this morning but were dismissed pending the fixing of a new date for the preliminary. Witnesses said both of the men who were attacked were knocked unconscious by the blows from Jones' shovel.

If you are subject to attacks of heartburn or indigestion, it may do you good to learn that Prickly Ash Bitters is a prompt and efficient remedy. It strengthens digestion, relieves heartburn, tones up the stomach and by its agreeable cathartic effect, it empties and purifies the bowels. Try it. Price \$1.25 per bottle. Sold by Gwin and Mays. (adv)

Shelton sells Furniture on easy payments. 1-21-1f

IRONIZED YEAST BEST FOR "RUN DOWN" PEOPLE

Thousands of weak, nervous, pale and thin people are now taking yeast the new way!

Instead of eating ordinary baking yeast, which is so disagreeable to many, they are now taking it in pleasant tablet form, combined with organic or vegetable iron, which is necessary in order to get the best benefit from yeast.

This great combination of tonics is known as Ironized Yeast. Not only is it more convenient to take than common yeast, but it is far more effective, for in Ironized Yeast you get the benefit of two splendid health-builders, instead of only one. Furthermore, Ironized Yeast contains highly concentrated brewer's yeast, which is much richer in vitamins than ordinary baking yeast.

Lack of vitamins and iron in the system is keeping thousands of men, women and children in ill health. Ironized Yeast supplies your

body with the proper amount of both of these all-important substances, and in doing so, soon brings you the glowing health and rugged strength that is your birthright.

If you are run-down, weak, anemic, nervous, or if you are suffering with loss of appetite, unsightly complexion or loss of vitality and energy, try Ironized Yeast. Usually it will show good results after the second or third day. Often it will clear up the worst complexions in less than two weeks.

Ironized Yeast is packed in patented anti-tape containers and will keep indefinitely. Costs no more per dose than common yeast—yet is far more effective. Each package contains 10 days' treatment and costs only a dollar—or just 10¢ a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga. (adv)

MEAT INJURIOUS TO THE KIDNEYS

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead and you have stinging pains in the back or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. (adv)

Prosecutor To Leave Saturday To Debate Famous Tax Hearing

OKLAHOMA CITY, Nov. 25.—C. W. King, assistant attorney general, plans to leave tomorrow for Washington where he will assist S. P. Freeling, state attorney general, in the hearing before the United States supreme court on the appeal of P. A. Gillespie, from the state supreme court in the famous tax litigation in regard to oil and gas production on restricted lands under departmental lease.

The Gillespie case is set for hearing December 5. Although only \$36,000 is included in the case, the principle on which the litigation revolves effects several million dollars in taxable property in the state, it is said.

SITUATION MADE TENSE AS IRISH OPEN CONFERENCE

LONDON, Nov. 25.—Premier Lloyd George and Premier Craig of Ulster, met this morning in a conference which, according to the view held in official circles, marks one of the final stages of the Irish negotiations, conceded today to be verging on a break. It is understood that a settlement agreed upon between the two premiers has been drawn up.

(By the Associated Press)

LONDON, Nov. 25.—As Premier Craig of Ulster went into conference with Premier Lloyd George today, it was admitted officially that the Irish peace negotiations had reached a "grave and critical stage."

A prominent member of the Sinn Fein bore this out.

This situation is too serious for talk," he said. Hopes for a break in the deadlock in the Irish peace negotiations seemed to hang upon the meeting today. Lord Chancellor Birkenhead was also present. The conference, it was said last night, might be the last attempt of the British premier to induce the Ulstermen to discuss alternative plans which would protect Ulster's interests and at the same time meet the demands of the Sinn Fein for an all Irish parliament.

ARBuckle TO GO ON STAND SOON IN OWN BEHALF

(By the Associated Press)

SAN FRANCISCO, Nov. 25.—Conjecture was ripe before the opening of Judge Harold Louderback's court as to whether Roscoe C. (Patty) Arbuckle would take the stand today in his own defense in his trial on a charge of manslaughter growing out of the death of Virginia Rappe, motion picture actress. The defense has intimated that Arbuckle would testify early today or tomorrow.

Arbuckle's own story, expected to include a complete and vigorous denial that he injured Miss Rappe, at a party in his rooms in the Hotel St. Francis here September 5, probably will conclude the testimony.

(By the Associated Press)

SAN FRANCISCO, Nov. 25.—Dr. R. E. Rumwell will be placed on the witness stand in the Arbuckle manslaughter trial to testify that Miss Virginia Rappe exonerated Arbuckle for her fatal injuries, it was announced by Gavin McNab, the defendant's chief counsel. Dr. Rumwell was the first physician to give any detailed attention to Miss Rappe after the party, according to McNab. He will testify that when he asked her the cause of the injuries, she replied: "I guess I was a bit intoxicated."

Skin Diseases Due To Waste Products In The Blood

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 743 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S. (adv.)

Burch Demands That Jury See Place of Alleged Death Glen

LOS ANGELES, Nov. 25.—A visit by the jury and judge to Beverly Glen, near here, where J. Belfon Kennedy, broker, is alleged to have been murdered, will be asked by attorneys for Arthur Burch, charged with the crime, it became known in connection with the resumption of Burch's trial today. They said they anticipated no opposition from the prosecution on such a motion, but added that if their wish was denied they would endeavor to acquit the court with the geography of the scene of the alleged murder through photographs.

Is That Cold and Cough Hanging On?

YOU will be convinced that Dr. King's New Discovery does just what it is meant to do—soothes coughs, breaks up colds, loosens congested chests, loosens the phlegm pack and breaks the obstinate cold and gripe attack, relieves the congestion in the head. No harmful drugs, therefore good for children as well as grownups. Right away you will notice the change for the better. Has a convincing, healing taste that you will appreciate. Buy a bottle at any druggist on the way home to-night, 60c.

Kit Carson Battery Station GUARANTEE

This battery is guaranteed against imperfect workmanship and material and to give _____ months satisfactory service, or I will repair or replace same FREE OF CHARGE.

Battery No. _____ For Car _____ Sold To _____ Date _____ Cost \$ _____

The end coach of the Corsicana-Mexia oil special recently came uncoupled and ran wild for about eight miles. The coach was without lights of any kind and conductor and passengers were unable to operate the hand brakes, so that a speed of about twenty miles per hour was reached. Passengers who jumped from the car were scattered along the eight miles. The train from which the car had broken loose followed and finally succeeded in backing into it and making a recoupling.

The cobra is the most poisonous of snakes.

**Briand Says France
Will Be Leader for
Actual Disarmament**
(By the Associated Press)
NEW YORK, Nov. 25.—Disclaim-
ing any wish to reply to the address
in London yesterday of Lord Cur-
zon, to the British Foreign Minis-

ter, urging France to not pursue an
"isolated and individual policy,"
Premier Briand of France declared
before sailing for home today that
had no time for arguments between
"friends and allies."
He asserted that, notwithstanding
the "exceptional" situation of France
in Europe, the French government
was proposing to go further in
limitation of arms, both on land
and on the sea, than any other
nation.

**TAX REVISION AT
LAST IS SETTLED**

**Harding Affixes Signature
To Long Contested Bill
Late Wednesday.**

(By the Associated Press)
WASHINGTON, Nov. 23.—The
tax revision bill became law late
Wednesday, President Harding
signing it at the capitol during the
closing hour of the special session
of congress.

The executive signature was at-
tached within less than an hour
after the senate had completed the
enactment of the measure by agree-
ing to the conference report by a
vote of 39 to 29, six republicans,
Borah, Ladd, La Follette, Moses, Nor-
beck and Norris, voted against the
report and one democrat, Broussard,
voted for it.

Luxury Levy Abolished.
This is the bill which repeals the
excess profits and transportation
taxes, does away with most of the
so-called nuisance and luxury taxes,
reduces individual taxes all along
the line and increases the corpora-
tion income tax from 10 percent to
12 1-2 percent.

Few, if any, senators, supporting
the measure were entirely satisfied
with all of its sections, but they
took the view that it contained more
good provisions than bad ones. The
measure is generally conceded to be
only a temporary one and the under-
standing now is that a new revision
bill will have to be framed within a
year or so.

Bill Is Condemned.
In the four hours of debate
which preceded the senate vote, the
bill received little of commendation
and much of condemnation. Every
senator who spoke, nearly a dozen,
had some complaint, while several
sharply criticized the whole bill.
Senator Calder, republican, New
York, declared it would be a "dis-
appointment to the people of this
country," and Senator Smoot, repub-
lican of Utah, said: "The people
from one end of the country to the
other are not satisfied with the
bill."

The managers on the part of the
senate were assailed by Senator
Hitchcock, democrat of Nebraska,
and others who asserted that they
represented in their negotiations
with the house managers not the
sentiment of the majority of the
senate, but only that of the "dis-
sentimental element" of the republicans
in the senate.

**RED PEPPER FOR
COLDS IN CHEST**

Ease your tight, aching chest.
Stop the pain. Break up the con-
gestion. Feel a bad cold loosen up
in just a short time.
"Red Pepper Rub" is the cold
remedy that brings quickest relief.
It cannot hurt you and it certainly
seems to end the tightness and drive
the congestion and soreness right
out.

Nothing has such concentrated,
penetrating heat as red peppers,
and when heat penetrates right down
into colds, congestion, aching mus-
cles and sore, stiff joints relief
comes at once.

The moment you apply Red Pepp-
er Rub you feel the tingling heat.
In three minutes the congested spot
is warmed through and through.
When you are suffering from a
cold, rheumatism, backache, stiff
neck or sore muscles, just get a
jar of Rowles Red Pepper Rub,
made from red peppers, at any drug
store. You will have the quickest
relief known. (adv)

**Reily Confers With
Harding on Demands
of Porto Rican Leaders**

(By the Associated Press.)
WASHINGTON, Nov. 25.—Govern-
or Reily of Porto Rico took lunch-
eon with President Harding today
and presented an informal report
of his administration of island affairs
out of which have come demands by
Porto Ricans for an investigation of
his conduct and for his removal.

There was no indication that the
administration's attitude towards
Reily's administration was under-
going any change, although officials
expected an investigation will be in-
stituted if the Porto Rico political
leaders press the demands.

SPENT MONEY FOOLISHLY

"I have been a great sufferer
from stomach trouble and gall
stones. No one knows the pains I
have suffered. Since taking the first
dose of Mayr's Wonderful Remedy
am feeling fine, can work all day
and eat anything I want. Have no
more distress or palpitation of the
heart from gas on my stomach. I
have spent a great deal of money
on doctors and medicine but got
nothing to help me." It is a simple,
harmless preparation that removes
the catarrhal mucus from the in-
testinal tract and allays the in-
flammation which causes practical-
ly all stomach, liver and intestinal
ailments, including appendicitis. One
dose will convince or money re-
funded.

**HIROHITO IS MADE
REGENT OF JAPAN**

(Continued from Page 1)

Anticipates U. S. Visit
In an interview in London, the
Prince said he looked forward to a
visit to the United States at some
other time.

Upon his return to Tokio, after
seven months absence, the Crown
Prince issued a message to the
nation, in which he said he appre-
ciated the hospitality and courtesy
accorded him everywhere and that
he believed his trip would be helpful
to Japan. "I confess," he added,
"that there are a number of things
which we Japanese have yet to learn
from the countries I visited. It is
my ardent wish that the whole
nation apply itself with redoubled
energy to the promotion of national
prosperity by adopting whatever is
good that foreign countries possess."

**FRANCE NOT ABLE
TO REMAIN ALONE**

**British Papers Take Up Hot
Discussion of Address by
Lord Curzon.**

(By the Associated Press)
LONDON, Nov. 25.—Lord Curzon's
remarkable address yesterday in
which he declared that if France
pursued an isolated and individual
policy she would not in the long
run injure Germany and would fail
to protect herself, brought a charac-
teristic comment from the morning
newspapers, the editorial writers
maintaining that attitude which they
consistently followed as regarding
the French military policy. Some
writers see in France a militaristic,
vengeful spirit about which Lord
Curzon and those favoring him are
considerably distressed.

While Lord's Curzon's address
was directed primarily to the Wash-
ington arms conference, it was
clearly an intimation to France of
the effects of that country's attitude
towards disarmament as voiced
at Washington by Premier Briand.

The Daily Chronicle is close
to the government, printed an edi-
torial yesterday somewhat along the
lines of Lord Curzon's speech. It
makes no comment this morning,
but in its political note says that
the government has been obliged to
take a very serious view of the
effect of Premier Briand's Wash-
ington speech, and that the issue
involves questions now under con-
sideration by the cabinet.

The Daily News says that Lord
Curzon's brave utterances are en-
tirely true. On the other hand, the
newspapers which have consistently
favored the French attitude are dis-
pleased.

The Times in a rather colorless
editorial says that the speech is
remarkable less for what was said
than what was not said, and implied
that "it was a defense and apolo-
gy rather than a clear statement
of constructive policy."

The Ada Weekly News reaches
almost every farm home in the
county. Are you taking advantage
of this effective means of getting
your message abroad? What do you
have to sell to farmers? Try it.

**MAUD A MOVIE STAR, WHO'S
MAUD? OH, SHE'S A MULE**

Maud makes her appearance as
a star in the movies at the McSwain
theatre today. Douglas McLean is
billed as the star of Maud's picture
"Passing Thru," an Ince-Paramount
production, but Doug freely admits
that Maud carries away first honors
Doug harbors no professional jeal-
ousy. On the contrary, he declares
that Maud outclasses Bill Hart's
"Pinto," and "Teddy," the wonder-
ful dog, to say nothing of Joe Mar-
tin, the almost human chimpanzee.
Like the star that she is, Maud,
who is a pure white, lop-eared

hybrid mule, displayed unmistak-
able evidences of temperament dur-
ing the filming of "Passing Thru".
Maud caused no end of worry to
William A. Seiter, who directed the
feature, as well as the entire Mac-
Lean company.
She was engaged under the sup-
position that she was a trick mule.
The trick, Seiter soon discovered,
was to get her to work. Careful
experimentation, however, revealed
that Maud possessed little human
weakness and through taking ad-
vantage of these she was made to
perform in true stellar style.

**POMEROY MAKES MANY
CONVERTS IN AMERICA**

His Prophecies and Theories Are
Borne Out by the Past Few
Months' Events—Many People Call
Upon Him to Thank Him for
Results from Puratone.

Great throngs have called to meet
John Pomeroy, the noted New Zeal-
and scientist and explorer, to learn
more about his famous medicine
Puratone, and to get the benefit
of his advice.

Mr. Pomeroy, in speaking of
Puratone, said:
"If every persons would take the
proper tonic from time to time we
would have more healthy and robust
nation. It is easier to prevent ill-
health in this way than to wait until
you become so run down that you
are really unfit to perform the
manual and domestic duties of or-
dinary routine life. My Puratone
supplies the human body with the
nutritious elements which are lack-
ing in the food you consume daily.
You need a tonic that will not only
supply the nutritious elements re-
quired to keep the body healthy, but
it must be capable of neutralizing
and dispelling from the system the
excessive hydrochloric acid from the
stomach, which, if allowed to re-
main, poisons of ill health."

"I have spent years in special
research work and have visited all
parts of the globe to obtain herbs,
roots, barks, berries and blossoms
which would supply the elements
required for the human body and at

the same time neutralize the ill
effects produced by the modern food
now being consumed by the aver-
age man or woman. I realized
years ago that it was of no use to
advocate dieting, as not one person
in a thousand would consent to such
living, at it becomes so monoto-
nous and unpalatable; so the only
alternative was to perfect a tonic
that would take care of the ill
effects produced by the non-dieting
method of living. Hence my crea-
tion of Puratone."

Many people are already coming
back to tell Mr. Pomeroy of the
benefits they have derived from
Puratone, and to tell him of their
gratitude. This, however, did not
seem to surprise him, because he
said:
"When I came to America, I
predicted that thousands of people
would buy my medicine and then
come here again and thank me for
the good it does them. I am grati-
fied to know that my promises are
being fulfilled and I want to say
that the way the people are respond-
ing, makes me feel that Puratone
is going to be even more successful
here than in other countries where
it is enjoying such enormous sales."

"I tell you, when a medicine actu-
ally makes sick people well, it is
bound to be a success. Everybody
wants to enjoy good health, and
Puratone is going to give it to
them."

Puratone is sold in Ada by Gwin
and Mays Drug Co. (adv)
